Verdera® Voice Lighted Mirror with Amazon Alexa

Verdera Lighted mirrors give off even, optimally bright light, which eliminates harsh shadows and hot spots. Enjoy a new level of convenience in your bathroom with Verdera Voice Lighted Mirror with built-in Amazon Alexa, to effortlessly control your ideal lighting and much more.

Built-In Amazon Alexa

Amazon Alexa give you access to your favorite Alexa features like shopping, playing music or receiving weather and traffic updates.

Superior Lighting Experience

Verdera Voice has built-in voice-controlled dimmable LED lighting that can be adjusted (up to 1000 lux) to give you a better makeup application or grooming experience.

High Quality Microphone and Speakers

Verdera Voice Lighted Mirror includes a dual-microphone solution to enhance the accuracy of voice-control. It also has Embedded speakers housed in hermetically sealed casing to maximize stereo sound quality.

Motion-Activated Nightlight

The motion-activated nightlight makes it easy to navigate your bathroom in the dark, and brightens to a comfortable level for handwashing.

Compatible with KOHLER Konnect

With KOHLER Konnect™ featuring voice-enabled technology, your shower, bathtub, toilet, mirror and faucet are finally all connected — to you and each other. Simply say the words, and get ready to transform everyday moments from routine to remarkable.
